Summary

UX/UI designer with a Master's in Interaction Design (UQ, 2025) and current contract work defining the experience for a data-heavy financial product at Dunstan Consulting Group. Two years at Capgemini mapping user journeys and design system workflows, plus tutoring web design at UQ. Stronger in wireframing, prototyping, interface design, and translating complex requirements into clearer user experiences, with HTML, CSS, and JavaScript for practical handoff.

Skills

- **UX & Interaction:** UX & Interaction Design, User Research, Usability Testing, Wireframing, Prototyping, User Flows
- **UI & Visual:** UI Design, Visual Design, High-Fidelity Mockups, Design Systems, Responsive Layouts
- **Tools:** Figma, Miro, Adobe Creative Suite, Adobe XD, Illustrator, Photoshop, Unity
- **Accessibility:** WCAG 2.2, Inclusive Design Principles
- **Technical:** HTML, CSS, JavaScript, Python, SQL, Cursor (AI-assisted workflows)

Experience

User Interface / User Experience Specialist (Contract) March 2026 – Present
Dunstan Consulting Group *Brisbane, QLD*

– Defining the user experience and user interface for DCG's flagship software, Vantage.
– Designing the whole app in a clear and intuitive way so complex financial loss modelling data is presented effectively and helps users make better decisions.

Casual Academic Tutor (Introduction to Website Design: DECO7140) July 2024 – November 2025
University of Queensland *Brisbane, QLD*

– Conducted weekly tutorials on web design fundamentals, covering HTML, CSS, responsive design principles, and introductory JavaScript programming.
– Guided 100+ postgraduate students through theoretical concepts and practical applications of web design, fostering a deep understanding of modern web development practices and tools.

Senior Analyst August 2021 – June 2023
Capgemini India Private Ltd. *Bangalore, India*

– Engaged with project managers to map user journeys and design system workflows, ensuring that backend API integrations supported clear, intuitive product experiences.
– Developed a Proof of Concept (POC) website, incorporating the Stripe payments platform to support its expansion into the Indian market, ensuring compliance with local payment regulations and optimizing transaction workflows.

Retail Sales Associate November 2025 – October 2026
Sunglass Hut *Brisbane, QLD*

– Achieved 1200+ sales and over AUD 350K in gross sales through personalized service, strong product knowledge, and a clear understanding of customer needs.
– Specialized in selling Meta smart glasses and designer eyewear using style-led, conversion-focused recommendations tailored to each customer.

Education

Master of Interaction Design July 2025
